

Windowed Side Panel for 8000PRO2B Series Cases

StarTech ID: 8300BKWINDO

Do you need to add some style to the functionality of your StarTech.com 8000PRO2B series cases? The 8300BKWINDO is a clear side panel for our full-size cases that allows you to see into the interior of your computer while still providing excellent durability and sound dampening. Perfect as an introductory system “mod” for gamers, this panel is also an excellent choice for computers that will be used in displays and tradeshows: an easy way to convert systems from boxes to accent pieces instantly.

Compatible with ATX8450PRO2B, ATX8400PRO2B, ATX8380PRO2B and ATX8300PRO2B.
