

Composite Video Extender over Cat 5 with Audio

StarTech ID: COMPUTPEXTA

This Composite Video and Audio Cat5 Extender lets you extend signals up to 200 meters, making it perfect not only for current configurations, but also ideal for any future reconfigurations.

COMPUTPEXTA is comprised of two extender units that can be used interchangeably-one is installed near the video signal source, the other to be placed near the desired display, up to an impressive 200m away.

With no software or power adapter required, installation and setup is quick and hassle-free.

The Composite Video with audio over CAT 5 extender includes an installation/mounting kit, as well as a BNC to RCA composite video adapter.

Applications and Solutions

- Ideal for classrooms, projectors, tradeshow, and retail displays
- To be used in home or commercial applications as a fast, and cost-effective means of connecting composite video equipment

Features

- Mounting kit included for wall installation
- Quick, easy installation and setup
- Works with shielded twisted pair (STP) and unshielded twisted pair (UTP) Cat5 cable

Technical Specifications

- Color: Black
- Enclosure Type: Aluminum
- Product Height: 0.94 in [24 mm]
- Product Length: 4.33 in [110 mm]
- Maximum Analog Resolutions: 480i
- Number of Ports: 1
- Carton Quantity: 40
- Shipping (Package) Weight: 0.97 lb [0.44 kg]
- Product Weight: 16.24 oz [460 g]
- Product Width: 3.03 in [7.7 cm]
- Video Adapter: Includes 2 x BNC to RCA composite adapters
- Maximum Distance: 200m / 550ft
- Connector Type: 1 x RJ45 Female (local and remote unit)
 - 1 x BNC composite video connector (local and remote unit)
 - 1 x Stereo RCA audio connector (local and remote unit)
