

## Converge A/V Component Video (YPbPr) Cat5 Extender

StarTech ID: CPNTUTPEXTA

The perfect solution for connecting component video devices using standard Cat5 cable, this Component Video (YPbPr) and Audio Cat5 Extender lets you extend signals up to 150 meters.

CPNTUTPEXTA is comprised of two extender units that can be used interchangeably-one is installed near the video signal source, the other to be placed near the desired display, up to an impressive 150m away.

With no software or power adapter required, installation and setup is quick and hassle-free. This product includes a mounting kit for wall or cabinet installation.

### Applications and Solutions

- Ideal for classrooms, projectors, convention facilities, and retail displays.
- To be used in home or commercial applications as a fast, and cost-effective means of connecting component video equipment.

## Features

- Extend component video and digital audio through a Cat5 cable
- No software or power adapter required for easy installation
- Offers a high quality component video signal for use on plasma and LCD displays
- Works with shielded twisted pair (STP) and unshielded twisted pair (UTP) Cat5 cable

## Technical Specifications

- Max Distance: 150m/450ft
- Color: Black
- Number of Ports: 1
- Carton Quantity: 16
- Shipping (Package) Weight: 2.01 lb [0.91 kg]
- Max Resolution: 1080i
- Connector Type: 1 x RJ45 female connector (local and remote)
  - 1 x Digital Audio, 5.1ch (local and remote)
  - 1 x Component Video, YPbPr (local and remote)
