

1 ft USB to RS232 Serial DB9 Adapter Cable - M/M

StarTech ID: ICUSB232

This 1ft USB to DB9 RS232 Serial Adapter Cable lets you connect DB9 RS232 serial devices to your Mac or PC laptop or desktop computer through a USB port, as though the computer offered a built-on DB9M connector.

A cost-effective solution that bridges the compatibility gap between modern computers and legacy serial peripherals, this high quality USB/RS232 Serial Adapter cable is backed by StarTech.com's 1-year warranty.

Applications and Solutions

- Connect a serial modem, digital camera, or PDA with serial sync to your PC's USB port
- Connect bar code scanners and other serial devices to a USB port
- Ideal for connecting serial devices to laptops or tablet PCs through the USB port

Features

- Compatible with all popular PDAs, modems, printers, bar code scanners, etc.
- Easy to setup and install
- No external power needed - draws power from the USB connection
- Supports serial data transfer rates of up to 1 Mbits/sec
- Thin cables and light weight makes it portable and easy to carry
