

230 Watt PS2 Replacement Computer PC Power Supply

StarTech ID: PS2POWER230

This 230 Watt Replacement AT Power Supply is guaranteed compatible with Intel Pentium and AMD processors and is designed for an extra long life in personal and industrial PS2 form factor computers. Backed by StarTech.com's 1-year warranty and free lifetime technical support.

Applications and Solutions

- Essential power module for replacing your older or non-functional power supply

Features

- 2 years warranty
- High quality connectors provide minimal resistance and enhanced electric conductivity
- High-Flow fan provides efficient cooling for the system and power supply
- Premium EMI/RFI power filtration system provides low noise/ripple for super clean and stable power to all system components
- Provides a maximum output power of 230 watts
- The PS2POWER230 power supply ensures stable system performance, using an automatic temperature control fan to move hot air away from sensitive components.

Technical Specifications

- Warranty: 1 Year warranty
- Air Flow Rate: 32.3
- Connector Types: 4 - LP4 Female Large Internal Power
- Connector Types: 2 - SP4 Female Small Internal Power
- Connector Types: 1 - PS2 Power Female
- Fan Bearing Type: Sleeve Bearing
- Product Height: 3.35 in [85 mm]
- Input Current: 5-2
- Input Voltage: 115~230
- Input Voltage Frequency: 50~60
- Product Length: 5.91 in [150 mm]
- Max Inrush Current: 50
- MTBF: 40,000
- Noise Level: 27.4
- Current -12.0V (A): 0.5
- Current -5.0V (A): 0.5
- Current +12.0V1 (A): 9
- Current +5.0V (A): 23
- Output Power: 230
- Power Factor Correction: N/A
- Carton Quantity: 10
- Shipping (Package) Weight: 3.65 lb [1.65 kg]

- Product Weight: 3.45 lb [1.56 kg]
- Product Width: 5.87 in [14.9 cm]
- 1 pair of LED display power connectors
