

Digital Signage Solutions from StarTech.com

Converge A/V Extenders and Distribution Amplifiers (Splitters):

- Distribute a VGA signal from one source to multiple displays through Cat5 cables
- Excellent solution for runs longer than 100'
- VGA cabling can be costly at long lengths and not as easy to handle as Cat5 cabling
- Uses Cat5 cabling which is less expensive and easier to handle than VGA cables

VGA over Cat5

SKU	Description	Resolution	Distance	Audio	Receiver Included	Receiver
ST121UTP	UTP VGA Video Extender	1024x768	500ft / 150m	No	Yes	N/A
ST122UTPA	UTP VGA Video Extender	1024x768	500ft / 150m	Yes	Yes	N/A
