

2 Port CardBus RS-485/RS-422 Serial Laptop PC Adapter Card - 16950

StarTech ID: CB2S485

Add two independent RS-485/RS-422 ports to your laptop with the StarTech.com CB2S485, a two-port PCMCIA CardBus serial adapter. The CB2S485 supports hot-swapping so you'll be able to connect, use, and swap your serial devices without even powering your laptop down. Additionally, the adapter's low power consumption helps preserve your notebook's battery life. The card comes complete with a DB-9 serial cable and is backed by StarTech.com's lifetime warranty.

Applications and Solutions

- Connect serial modems, POS devices and more, to your system

Features

- Easy plug and play installation into any free CardBus slot
- Low power consumption preserves laptop computer battery life
- Supports the RS-485 and RS-422 serial interfaces
