

2 Port CardBus Serial Laptop PC Adapter Card - 16950

StarTech ID: CB2S650

Add two independent RS-232 ports to your laptop with the StarTech.com CB2S650, a two-port PCMCIA CardBus serial adapter. The CB2S650 supports hot-swapping so you'll be able to connect, use, and swap your serial printers, digital cameras, PDAs, modems, or any other serial devices without even powering your laptop down. Additionally, the adapter's low power consumption helps preserve your notebook's battery life. The card comes complete with a DB-9 serial cable and is backed by StarTech.com's lifetime warranty.

Applications

- Connect serial modems, POS devices, PDAs, digital cameras, printers, ISDN terminal adapters and more, to your system

Features

- Easy plug and play installation into any free CardBus slot
- Supports the RS-232 serial interface
- Low power consumption preserves laptop computer battery life
- 128 byte FIFO buffer ensures fast data transfer while multitasking
