

CF2X2IDE25 2.5" IDE to Dual Compact Flash (CF) Adapter

Installation

WARNING! Computer equipment can be severely damaged by static electricity. Be sure that you are properly grounded before opening your computer case or touching your hard drive. StarTech.com recommends that you wear an anti-static strap when installing any computer component. If an anti-static strap is unavailable, discharge yourself of any static electricity build-up by touching a large grounded metal surface (such as the computer case) for several seconds. Be sure to handle your hard drive carefully and consult your hard drive and laptop manufacturer for details on how to remove the drive.

WARNING! The CF2XIDE25 adapter does not support hot-swapping. Please ensure that the host computer is powered down when connecting/disconnecting Compact Flash cards to/from the adapter.

Please note: To simplify installation, **power down the computer or IDE storage device** into which the adapter will be installed, and ensure there is a 44-pin IDE connection available.

1. With the Compact Flash card/MicroDrive label facing upward (visible), align the holes on the connector end of the Compact Flash card with the pins provided by the CF2X2IDE25 Compact Flash slot #1.
2. Apply gentle pressure to the Compact Flash/MicroDrive card, until the pins provided by the adapter are fully inserted into the Compact Flash/MicroDrive connector holes.
3. Repeat steps #1 and #2, by installing a second Compact Flash card/MicroDrive into Compact Flash Slot #2 (slave drive).
4. Connect the CF2X2IDE25 adapter directly to an available IDE port on the host computer, by aligning

the pins provided by the adapter with the holes provided by a 44 pin IDE port. Once aligned, apply gentle pressure to the board until it is firmly seated within the IDE slot.

Specifications

Connectors	2 x Compact Flash 50 pin Type I or II 1 x 44 pin male IDE header
Product Dimensions (W x H x L)	70 mm (2.76 in) x 7 mm (0.28 in) x 96 mm (3.78 in)
Product Weight	26 g (0.92 oz)
Regulatory Certifications	RoHS, UL
LED	Activity indicator

Technical Support

StarTech.com's lifetime technical support is an integral part of our commitment to provide industry-leading solutions. If you ever need help with your product, visit www.startech.com/support and access our comprehensive selection of online tools, documentation, and downloads.

Warranty Information

This product is backed by a lifetime warranty. In addition, StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product.

Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.
