

Computer PC Chipset Cooling Kit

StarTech ID: CSKIT

StarTech.com has all of the tools you need to keep your computer running smooth and cool. Take a look at the CSKIT, StarTech.com's all-in-one chipset cooling kit, designed to provide you with everything you need to ensure stable and efficient operation of your PC. Included is a tube of StarTech.com's high-performance heat grease and 2 heat-reducing heatsinks.

Applications

- Six in one VGA chipset thermal cooling kit

Features

- Includes the following:
- Chipset cooling fan
- 2 Chipset heatsinks
- Power cable connector and 4 Nylon clips
- 2 Thermal pads
- 1.5 grams heat grease thermal compound

Technical Specifications

Warranty	2 Years
Fan RPM	5300
Air Flow Rate	5.22 CFM
General Specifications	
General Specifications	.80x.80x.008 (20x20x0.2mm)
General Specifications	1.1x1.1x0.3 (28x28x8mm)
General Specifications	1.2x1.2x.008 (30x30x0.2mm)
General Specifications	1.5 grams heat grease
General Specifications	1.5x1.5x0.3 (38x38x8mm)
General Specifications	1.6x1.6x.62 (40x40x15mm)
General Specifications	12V
General Specifications	25
General Specifications	4 x Nylon clip
General Specifications	5300
General Specifications	90 Grams
General Specifications	Aluminum
General Specifications	Sleeve Bearing
General Specifications	TX3 (2-Lead)
General Specifications	TX3 Motherboard power connector to LP4 power
Color	Black
Product Weight	3.2 oz [90 g]
Shipping (Package) Weight	0.2 lb [0.1 kg]
Included in Package	1 - 1.5 gm tube of thermal compound
Included in Package	1 - Cable Connector (3pin to 4pin power supply connector)
Included in Package	1 - Chipset Cooler
Included in Package	2 - Chipset Heatsinks
Included in Package	3 - Thermal Pads
Included in Package	4 - Nylon clips
