

Serial ATA Drive Drawer with Shock Absorbers - Professional Series

StarTech ID: DRW115SAT

StarTech.com's DRW115SATBK removable SATA hard drive enclosure allows you to harness the power of SATA (SATA, SATA II, SATA III-6Gbps) hard drives. This removable enclosure is a cost-effective way to quickly insert or remove SATA hard drives from any PC with an available 5.25-inch drive bay without opening the computer case. With support for SATA HDD speeds up to 6.0 Gbps, the mobile rack/backplane is fully compatible with RAID installations to ensure maximum performance and versatility for enhanced storage applications.

With a 7K Insertion Rating, it is an ideal solution for hot swapping hard drives, high-speed back-ups of critical files, moving large files from one computer to another, and for running multiple operating systems on the same PC.

In addition, the DRW115SATBK features our exclusive shock absorbers and a sturdy all aluminum construction that helps limit physical damages to the enclosed hard drive during transport, providing added security and minimizing downtime. Combine all that with a 3 Year Warranty and you have a solid solution suitable for heavy-duty applications.

Includes our exclusive Swap Manager for Windows software to hot-swap the removable drive without powering down the computer.

Applications

- Add additional hot-swap bays to a server or workstation computer
- Replace or upgrade old IDE backplane with a SATA backplane
- System builders who need to image many drives simultaneously and quickly
- Environments where drives need to be replaced/removed regularly, without external protection for the drives required after removal
- Be able to replace/remove individual drives from a storage array with minimal or no system down time

Features

- Fits a single SATA drive into a front accessible 5.25" bay
- Heavy duty aluminum construction for the drive caddy and bay
- Key lockable drive caddy
- Rubber shock absorbers
- 7,000+ insertion rating
- Dual front mounted ball-bearing fans
- Power and fan status LED
- Fully supports SATA revision 1/2/3 (1.5/3.0/6.0 Gbps) drives and controllers
- Supports 3.5" form factor SATA hard drives
- Includes a copy of drive hot-swapping software

Technical Specifications

Warranty	3 Years
Key Lock	Yes
Fans	2 - 40 mm
Shock Protection	Yes
General Specifications	
General Specifications	<u>Connectors</u>
