

Black 3.5in SCSI U320 Removable Hard Drive Mobile Rack for 5.25in Bay

StarTech ID: DRW150SCSIBK

This high quality SCSI Removable Hard Drive Mobile Rack delivers a convenient storage option, allowing you to quickly swap SCSI hard drives in and out of a computer without having to open the computer case - an ideal solution for RAID implementations, multi-boot OS configurations, and high-speed, high capacity backups in mission critical PCs or servers.

Simply install the (included) drive bay into a 5.25in drive bay on the host computer, then mount a 3.5in SCSI HDD in the (removable) caddy. Connecting the hard drive to the computer is as easy as inserting the caddy (with drive attached) into the drive bay, which can be locked to prevent unauthorized removal of the installed drive.

A practical, time-saving storage solution, the SCSI drive drawer/mobile rack features front panel LED indicators that continuously display the operating status of the installed drive.

The drive caddy features two built-in ball-bearing fans that help keep the enclosed drive cool, in turn helping to optimize operation while preserving drive lifespan. To prevent damage to the hard drive while being transferred in and out of the computer, the drive caddy features shock absorbers and rubber cushioning that help limit vibration/shock to the drive.

A dependable, long-lasting storage solution, the SCSI drive drawer features highly durable construction, with a 25K insertion rating and is backed by StarTech.com's 2-year warranty.

Please Note: The Hitachi Ultrastar 10K300 series of hard drives have been modified from SCSI Ultra 320 standards and are not compatible with this enclosure.

Applications

- Can be conveniently used as a mobile back-up system
- Excellent for use in servers, storage subsystems and high-end workstations
- Optimal for mission critical control PCs where downtime must be minimized
- Ideal for environments using RAID storage applications which includes multimedia, video streaming and digital broadcasting
- Mobile solution for high-capacity databases and large applications

Features

- Supports Ultra 160 & 320 SCSI hard drives with data transfer rate up to 320 MBytes/sec
- Secure and affordable solution to store and transfer data
- Two Ball Bearing fans, front and rear, maintain optimum cooling and increased air flow
- Bay is built with a key lock mechanism to prevent the hard drive from being accidentally removed while in operation
- 4 LED indicators continuously show operating status of the drive drawer
- Aluminum construction provides a durable enclosure as well as excellent heat dissipation
- The unit's compact design and light weight makes it easy to transport from one peripheral bay to another
- HDD Overheating Detection feature automatically activates the buzzer alarm when overheating occurs
- Buzzer alarm and LED indicators can be turned off by pressing Reset Switch
- Bay features SCSI ID display

Technical Specifications

Warranty	2 Years
Key Lock	Yes
Fans	2 - 40 mm
Connector Type(s)	1 - HPDB68 SCSI-3 (68 pin; Half-Pitch; IDC68) Female
Connector Type(s)	1 - HPDB68 SCSI-3 (68 pin; Half-Pitch; IDC68) Male
Connector Type(s)	1 - LP4 (4 pin; Molex Large Drive Power) Female
Connector Type(s)	1 - LP4 (4 pin; Molex Large Drive Power) Male
General Specifications	
General Specifications	1.57 x 1.57 x 0.39
General Specifications	1.90 lbs (0.98 kg)
General Specifications	2 Ball-Bearing Fans
General Specifications	224 x 148 x 41
General Specifications	40 x 40 x 10
General Specifications	8.85 x 5.75 x 1.61
General Specifications	All 3.5 Inch SCSI Hard Drives including Ultra160 & Ultra320
General Specifications	Aluminum
General Specifications	Black
General Specifications	CE
General Specifications	Fan Failure - Red & Standby Fan - Green
General Specifications	Green
General Specifications	Header – 68 Pin Female & LP4 – 4 Pin Female
General Specifications	Header – 68 Pin Male & LP4 – 4 Pin Male
General Specifications	Normal - Green & Overheating - Red
General Specifications	PC or Mac with a 5.25 Inch Drive Bay
General Specifications	Unit is model specific and is not meant for use with different models of drive drawer unless otherwise stated
General Specifications	Yellow
Color	Black
Enclosure Type	Aluminum
Product Length	8.8 in [224 mm]
Product Width	5.8 in [148 mm]
Product Height	1.6 in [41 mm]
Product Weight	34.6 oz [980 g]
LED Indicators	1 - Activity

LED Indicators	1 - Fan Failure
LED Indicators	1 - Power
LED Indicators	1 - Temperature Warning
Shipping (Package) Weight	2.1 lb [1 kg]
