

DVI to VGA Video Converter with Scaler

StarTech ID: DVI2VGA

The DVI2VGA DVI to VGA Converter with Scaler allows you to convert a DVI Digital (DVI-D) signal to a VGA signal, saving you time and money by eliminating the need to purchase costly new hardware to make your devices compatible.

The scaler/converter features an easy to use On-Screen Display(OSD) that allows you to take full control of your display and the resolutions you need, in PC or HDTV mode. The OSD also features adjustments for brightness, color, contrast and horizontal/vertical positioning.

The DVI VGA Scaler/converter includes a plastic bracket for wall mounting, or side panel installation.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Applications and Solutions

- Allows you to connect your DVI video source (i.e. cable or satellite set top box, DVD player, computer) to a VGA or HDTV display

- A great way to make use of older display technology with a newer signal source

Features

- Converts DVI-D video input to Analog RGBHV or YPbPr output
- 48MB frame memory for frame rate conversion
- On-screen display allowing adjustments to brightness, contrast, color and Horizontal/Vertical positioning
- Includes a plastic bracket for wall mounts or side panel installation
- DVI source can be displayed onto a VGA or HDTV display using a VGA connector or component RCA connectors

Technical Specifications

- Warranty: 2 Years
- Product Height: 1.18 in [30 mm]
- Product Length: 5.75 in [146 mm]
- Maximum Analog Resolutions: PC Output - 1280x1024 max

HD Output - 1080i/720p max

- Output Current: 2.6A
- Carton Quantity: 10
- Shipping (Package) Weight: 2.36 lb [1.07 kg]
- Product Width: 3.03 in [77 mm]
- **Note:** Supports RGB, YPbPr, and YCbCr signals (VGA to Component cable not included - See Accessories)
