

1 Port USB 2.0 & 2 Port FireWire ExpressCard Laptop Combo Adapter Card

StarTech ID: EC1U2F

This versatile ExpressCard adapter lets you add two FireWire 400 and one USB 2.0 port to your laptop computer, allowing you to connect popular peripheral devices such as digital cameras, DV camcorders, or virtually any portable media device.

A broadly compatible solution, the ExpressCard adapter is supported by Windows 98SE/ME/2000/XP/64-Bit/Vista operating systems and is backed by StarTech.com's Lifetime Warranty.

Applications

- Add additional FireWire and USB ports to a laptop to connect more peripheral devices
- Replace failed FireWire and/or USB ports on a laptop
- Add both FireWire and USB port simultaneously to a laptop with only a single ExpressCard slot
- Connect external FireWire devices such as hard drives and card readers to a laptop computer without FireWire ports

Features

- One High Speed USB 2.0 compliant port which supports transfer rates up to 480 Mbps
- Two IEEE1394a OHCI 1.1/1.2 compliant ports which supports transfer rates up to 400 Mbps
- ExpressCard/34 (34mm) form factor
- Optional external power adapter support
- Plug-and-Play and Hot-Swap compatible

Technical Specifications
