

High Flow Mesh Air Filter for 120 mm Computer Case Fan

StarTech ID: FANFILTER12M

This Mesh Air Filter is a high air-flow, fine mesh case fan filter that prevents dust from being drawn into the computer through the case cooling fan intakes. The air filter is designed for 12cm Fans, helping to keep the inside of the computer case cleaner while preserving the lifespan of the fan by eliminating dustclogs.

Applications

- FANFILTER12M prevents dust from being drawn into the computer through the case cooling fan intakes.

Features

- Includes four fan filter mounting screws.
