

Right Angle DisplayPort to DisplayPort Adapter – M/F

StarTech ID: GCDPMFRA

This 90 degree Right Angled DisplayPort video adapter features two DisplayPort connectors - one male and one female, with a 90 degree bend between them. The angled connector requires only 2" of clearance, allowing cables to be installed into tight spaces such as behind monitors mounted on the wall or PCs locked into cabinets where space is limited.

Applications

- Connecting high resolution display to long cable runs where space is limited
- Connecting your DisplayPort monitor to your PC where there is only 2 inches of clearance between the PC and wall

Features

- Provides connectivity at a 905/8/2012eg; angle
- Latching connector ensure greater security
