

10g Silicone Thermal CPU Paste Tube
StarTech ID: HEATGREASE10

This thermal paste can be used to improve the effectiveness of a CPU cooler by thermally bonding the CPU to the heatsink, allowing the heatsink and fan to work at their full capacity to remove harmful heat from the CPU.

Technical Specifications

- Warranty: 1 Year warranty
- Carton Quantity: 200
- Shipping (Package) Weight: 0.07 lb [0.03 kg]
- Net Weight: 0.35 oz. [10g]
- Thermal Conductivity: $>1.066W/(m \cdot K)$
- Breakdown Temperature: $-50\sim 240$ Degrees C
