

## USB to RS232 DB9 Serial Adapter Cable - M/M

StarTech ID: ICUSB232

The StarTech.com ICUSB232 1ft USB to DB9 RS232 Serial Adapter Cable lets you connect DB9 RS232 serial devices to your Mac or PC laptop or desktop computer through a USB port, as though the computer offered an onboard DB9M connector.

A cost-effective solution that bridges the compatibility gap between modern computers and legacy serial peripherals.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

### Applications and Solutions

- Perfect for IT Administrators looking to add legacy functionality to newer notebooks, PCs and servers that lack an integrated RS232 port
- Connect a satellite receiver, serial modem, or PDA with serial sync
- Connect bar code scanners, receipt printers and other point of sale devices
- Connect, monitor and control industrial/automotive sensors and equipment
- Connect and program LED and Digital signage boards with serial communication ports

## Features

- Easy to setup and install
- Compatible with all popular PDAs, modems, printers, bar code scanners, etc.
- Thin cables and light weight makes it portable and easy to carry
- No external power needed - draws power from the USB connection
- Supports serial data transfer rates of up to 1 Mbits/sec
- USB to Straight-Through RS232 Serial Adapter
