

7 Port USB to RS-232 DB9 Serial Adapter Hub

StarTech ID: ICUSB2327

Got more serial peripherals than you do ports? Don't sweat it, StarTech.com has the solution to your problem with the ICUSB2327. It equips your system with seven RS-232 serial ports while taking up only one USB port! Connecting serial modems, GPS receivers, serial printers, PDAs, and POS devices has never been easier. Perfect for laptop users, the ICUSB2327 is light weight and compact, so you can take it with you when you're on the go. As well, the unit is fully plug and play compatible, allowing you the flexibility of hot swapping your serial devices without rebooting.

Applications

- Connect modems, digitizer tablets, mice, bar code scanners, GPS receivers, ISDN terminal adapters, mobile phones, scanners, UPSes and POS equipment to your system

Features

- Bus powered, no external power adapter required
- Easy Plug-and-Play installation
- Fully compliant with USB 1.1 specifications and compatible with USB 2.0
