

## 2 Port USB to RS232 Serial DB9 Adapter Cable

StarTech ID: ICUSB232C2

The StarTech.com ICUSB232C2 2 port USB to DB9 RS232 Serial Adapter Cable lets you connect up to two DB9 RS232 serial devices simultaneously to your Mac or PC laptop or desktop computer through a USB port, as though the computer offered an onboard DB9M connector.

A cost-effective solution that bridges the compatibility gap between modern computers and legacy serial peripherals.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

### Applications

- Perfect for IT Administrators looking to add legacy functionality to newer notebooks, PCs and servers that lack an integrated RS232 port
- Connect, monitor and control industrial/automotive sensors and equipment
- Connect bar code scanners, receipt printers and other point of sale devices
- Connect a satellite receiver, serial modem, or PDA with serial sync
- Connect and program LED and Digital signage boards with serial communication ports

### Features

- USB to 2 Port Straight-Through RS232 Serial Adapter
- Easy Plug-and-Play installation
- Bus powered, no external power adapter required
- Fully compliant with USB 1.1 specifications

**Technical Specifications**

Warranty	2 Years
