

## 2 Port USB and 2 Port RS232 Serial USB Hub

StarTech ID: ICUSB232HUB2

This 2-port USB serial hub turns a single USB port into two RS232 serial ports, and offers the added convenience of a built on two-port USB hub.

The compact USB serial hub offers a simple and cost-effective way to add serial ports to a computer that has few or no RS232 ports available, providing both USB and serial connections to printers, scanners, PDAs, POS (Point-of-Sale) devices and more.

Designed to provide long-lasting reliability and performance, the 2-port USB Serial hub is backed by our 2-year warranty and free lifetime technical support.

### Applications

- Provides you with 2 USB A ports as well as to 2 serial DB 9 male ports
- Allows you to convert USB to Serial
- Provides instant connectivity
- Ideal for desktops and notebooks that do not have serial ports or low on USB ports

### Features

- USB 2.0 and backward compatible with USB 1.1
- The perfect addition for use with serial devices such as modems, PDAS, printers, scanners, and more
- Supports the standard RS-232 Serial Interface
