

## 3.5 in USB 2.0 One Button Backup IDE External Hard Drive Enclosure

StarTech ID: IDECASE35U2B

This 3.5in USB 2.0 IDE External Hard Drive Enclosure lets you connect a 3.5in IDE hard drive to a computer through USB 2.0, and features One Button Backup, allowing you to make automated backups at the touch of a button.

The external hard drive enclosure can be used with either Mac or PC based USB-capable computers, and supports USB 2.0 data transfer rates of up to 480Mbps between the computer and the hard drive.

### Applications and Solutions

- Archive or make backups to existing data for added security
- Easy add-on storage for business or personal use
- Ideal for storing data from digital cameras, DV camcorders, MP3 files, computer games or for backing up personal and work documents
- Share important files and applications between computers

## Features

- Aluminum design cools and protects hard drive
- Can be setup in minutes, designed for easy installation
- Compact design and light weight makes the unit extremely portable
- Data transfer at rates up to 480 Mbps
- LED indicators that continuously show the operating status of the hard drive
- PC and Mac Compatibility (\*One-Button feature not available in use with Mac)
- Saves time - Hot-swap capability allows you to connect and disconnect drives without having to shut down computer

## Technical Specifications

- Warranty: 1 Year warranty
- Color: Silver
- Connector Types: 1 - USB B Female
- Enclosure Type: Aluminum
- Input Voltage: 115 AC
- LED Indicators: 1 - Power / Activity
- Maximum Data Transfer Rate: 480000000 Mbits/Sec
- Output Current: 1500mA
- Output Voltage: 12 DC
- Plug Type: M
- Power Adapter Included: Yes
- Center Tip Polarity: Positive
- Carton Quantity: 10
- Shipping (Package) Weight: 2.23 lb [1.01 kg]
- Compatibility: PC and MAC, One Button Backup will not work on MAC Computers
- Hard Drive: Compatible with 3.5" IDE ATA133/66/100
- OS: Windows 98SE/ME/2000 & XP; MAC OS X
- Capacity: Up to 500GB
