

6 ft Mini DisplayPort to DVI Cable - M/M

StarTech ID: MDP2DVIMM6

The MDP2DVIMM6 6-foot Mini DisplayPort to DVI Cable is a cost-effective Mini DisplayPort to DVI link that lets you connect a DVI monitor to a PC or Mac® with a Mini DisplayPort output - saving the expense of upgrading the monitor for compatibility. This all-in-one, easy to use Mini DisplayPort/DVI cable requires no additional converters or adapters, and no driver or software installation.

Compatible with Intel® Thunderbolt™, when connected directly to a supporting DisplayPort over Thunderbolt™ I/O port.

MDP2DVIMM6 is a passive adapter that requires a DP++ port (DisplayPort++), meaning that DVI and HDMI signals can also be passed through the port.

Backed by a StarTech.com Lifetime warranty and free lifetime technical support.

Applications

- Keep your existing DVI display with our Mini DisplayPort to DVI video converter cables
- Use a DVI monitor with DisplayPort equipped MacBook's and iMac's with Mini DisplayPort video output

Features

- All-in-one cable design
- Supports resolutions up to 1920x1200 and HDTV resolutions up to 1080p
- No software or additional drivers required
- Compatible with Intel® Thunderbolt™
