

## SATA to Slim Optical IDE Drive Adapter

StarTech ID: OPT2SATA

This SATA to Slim Optical IDE Drive Adapter lets you connect any slimline IDE-based optical drive to a computer through a Serial ATA port.

Fully compatible with all ATAPI ODDs, the adapter features a 7-pin SATA data connector for connection to the host computer, as well as a 50-pin connector for slim IDE drives.

### Applications

- Adapting older IDE based CD & DVD drives to newer SATA based systems

### Features

- Two screws are included for mounting on the rear side of the slim drive.
- Supports ODDs in Master Mode and CableSelect Mode.(Note: Does not work with Slave Mode ODD)
- 50 pin connector for IDE drive
- 7 pin SATA data connector for host

## Technical Specifications
