

6 ft S-Video with 3.5 mm to RCA Stereo Audio Video Cable

StarTech ID: PC2TVSVID6

StarTech.com's line of PC to TV A/V cables take the S-Video and 3.5mm speaker/headphone connections on your computer and convert them to S-Video and RCA audio connectors that are compatible with TVs, stereos, receivers, and other equipment. Since this is a multi-function cable, you can buy one cable and avoid the hassle and expense of additional extenders and adapters.

Since features shouldn't come at the expense of quality, these cables are carefully constructed using high quality materials for crisp images and clear sound. They're backed by the same lifetime warranty you expect from a cable by StarTech.com.

Applications and Solutions

- Display images and listen to sound on a TV using a computer with S-Video and headphone audio outputs
- Perfect for business presentations, education and training, and gaming

Features

- 3.5mm headphone to RCA audio connectors avoid expensive hardware upgrades
- Single cable eliminates hassle and improves image/sound quality
