

1 Port PCI 10 MByte/sec. Fast SCSI Controller Adapter Card

StarTech ID: PCISCSI2

Control up to 7 SCSI devices using a single PCI card with the PCISCSI2 from StarTech.com. Equipped with a dedicated on-board processor, the card provides high-speed data transfer rates of up to 10 MBytes/sec. Great for adding SCSI connectivity to newer PCs, the PCISCSI2 ensures that your SCSI peripherals do not sit on the shelf and collect dust.

The kit includes a 50-pin ribbon cable for two internal SCSI drives and drivers for the most popular operating systems, including Windows® and Linux®. Plus, it's backed by our lifetime warranty and FREE lifetime tech support.

Applications and Solutions

- Connect hard drives, CD-ROM drives, DVD drives, tape drives, scanners, and more to your PC

Features

- BIOS and driver support for hard drive, tape, CD-ROM, and removable media peripherals
- Full SCSI-2 capabilities for reliable operation in all cabling environments
- Included SDMS software supports the Advanced SCSI Protocol Interface (ASPI)
- Supports all major PC operating systems (Windows, Linux, DOS, Netware, OS/2, UNIX)

Technical Specifications

- Warranty: Lifetime warranty
- Bus Type: PCI (5 Volt)
- Chipset ID: LSI 53C810AE
- Connector Types: 1 - DB50 Half-Pitch Female
- Connector Types: 1 - IDC 50 Male
- Product Height: 2.76 in [7 cm]
- Product Length: 4.72 in [12 cm]
- Maximum Data Transfer Rate: 80000000 MBytes/Sec
- Shipping (Package) Weight: 0.55 lb [0.25 kg]
- OS Support: Windows 3.x/9x/NT 4.0/ME/2000/XP/Server 2003, DOS, Novell Netware, OS/2, SCO UNIX, Interactive UNIX, NeXTSTEP, UnixWare, iKetc and Linux
- Host Bus: PCI 2.1
- Host Interface: 32 bit bus master DMA
- Device Support: Up to 7 devices
- Device Protocol: Fast SCSI-2
- On Chip DMA FIFO: 80-byte
