

Silver 24in Steel Sliding Rails for Rackmount Server Case

StarTech ID: RMCRAILS

These durable rack-mount server case rails attach to any of the StarTech.com rackmount IPC cases, enabling them to be easily pulled out of a cabinet (like a drawer) for service. At full extension, they slide out to 28in.

Backed by StarTech.com's 2-year warranty.

Applications

- Mount StarTech.com IPC cases into a rack with easy access to more than just the front/rear
- Service the internal components of a server, without having to remove it from the rack

Features

- Durable metal construction
- Sliding rails extend 28in
- Mounts into 21in ~ 27in deep racks/cabinets
- Quick rail release mechanism
- Compatible with StarTech.com rackmount IPC cases
