

1 Port SATA and Power Slot Plate Adapter

StarTech ID: SATAPOWPLAT1

This SATA data and power Slot Plate Adapter adds external data and power support to any existing Serial ATA controller - a perfect addition to systems requiring connections to eSATA external storage.

Installation is easy: just insert the plate into an open I/O slot on your computer and connect the cables to an LP4 power plug and the Serial ATA connectors on your motherboard or controller card.

The SATA data/power plate adapter features a slim SATA data cable that minimizes airflow obstruction and is backed by our lifetime warranty.

Applications and Solutions

- Slot plate allows you to use external Serial ATA devices for fast and easy connectivity

Features

- Built in 1ft cable connects to a Serial ATA controller card
- Compliant with Serial ATA III Specifications
- Easy installation and set up in minutes
- Fast data transfer rate of up to 6 Gbps
- Fits in any PCI slot
- Provides 1 external Serial ATA port to your computer
- Slot plate includes an internal power connector
