

3U 9in Deep Rackmount Locking Storage Drawer

StarTech ID: SH39LK

The SH39LK 3U 9in Deep Rack Mount Locking Storage Drawer offers an "in-rack" storage solution for 19in racks and cabinets, that makes it easy to secure server hardware and rack/cabinet accessories. The 3U storage drawer features heavy duty steel construction and a locking front door, allowing you to secure mission critical hardware and accessories as needed.

Requiring only 3U of space in any 19in rack/cabinet, the lockable drawer provides a storage solution with a smaller footprint than a full or even mid-size storage cabinet or wire rack - perfect for small server rooms or environments where space is at a minimum (but security is a must).

The 3U lockable storage drawer ships fully assembled, and includes the accessories required for simple installation.

Backed by a StarTech.com lifetime warranty.
