

3 Port Component Video Splitter with Digital Audio

StarTech ID: ST123HDA

This high quality Component Video Splitter lets you share a single Component video signal as well as the corresponding audio, across 3 displays simultaneously.

Offering true high definition performance, the Component splitter supports video resolutions up to 1080p, and 5.1 channel digital audio.

A versatile video solution, the Component video splitter can also be used as a Composite video splitter, allowing for up to 3 distinct Composite video signals to be distributed to up to 9 displays.

The Composite video/Component video splitter is backed by our 2-year warranty and free lifetime technical support.

Applications

- Connect Component video enabled projectors, monitors, plasma screens, commercial billboards, and wall display systems
- Ideal for classroom, corporate, healthcare, professional A/V, control centres, conference halls, and retail environments

Features

- Distribute high definition component video and 5.1 channel digital audio
- Supports resolutions up to 1080p
- Works with standard and high definition displays
