

4 Port Black USB 2.0 Hub

StarTech ID: ST4200USB

This 4 Port black USB 2.0 Hub turns a single USB 2.0 port into four USB ports, letting you connect your most demanding next-generation peripherals while relying on data transfer speeds of up to 480 Mbps. Backward compatible with the original USB (1.1) standard, the hub also supports older USB peripherals, allowing them to function perfectly with no adjustments.

Designed to make an attractive addition to any desktop workstation, the USB hub features a sleek black casing and takes up minimal desk space. The hub also features Plug and Play connectivity and support for up to 127 USB 2.0 devices (using multiple hubs), making it a snap to expand your PC or Mac environment to suit your needs.
