

## Internal U320 Crimp SCSI Terminator LVD/SE

StarTech ID: TEU320INTC

Terminators are a vital part of your SCSI chain: without proper termination your SCSI bus will not function. Make sure your internal HPDB68 SCSI cable is properly terminated with the TEU320INTC. Compatible with Ultra320/Ultra160 SCSI drives, this multi-mode terminator works with both LVD and SE signaling. This terminator crimps onto your 68-pin SCSI cable anywhere you need it. Like all our SCSI terminators, the TEU320INTC is constructed with the highest quality components and is backed by our lifetime warranty.

### Applications and Solutions

- Internal terminator allows you to terminate a SCSI chain that has no connector
- Should be placed just before the last SCSI device

## Features

- Supports U320/U160/LVD/SE drives
- Terminates an HPDB68 Internal SCSI cable

## Technical Specifications

- Warranty: Lifetime warranty
- Color: Black
- Carton Quantity: 200
- Shipping (Package) Weight: 0.04 lb [0.02 kg]
- LED: Green (LVD) & Red (SE)
- Connector: Crimp style
