

## Introduction

Thank you for purchasing a StarTech.com USB2LINK USB Data Transfer/ Upgrade Cable. This convenient cable is useful for upgrading from Windows XP to Windows Vista or 7, allowing you to transfer files between computers quickly and easily using a USB 2.0 connection, using Microsoft Windows™ Easy Transfer software.

## Features

- Supports data transfer rates up to 480Mbps
- Compatible with Windows™ Easy Transfer software for Windows XP™, Windows Vista™ and Windows 7

## System Requirements

### For Microsoft Windows Easy Transfer (WET):

- One **source** computer running Microsoft Windows Vista™ or Windows XP™ with Service Pack 2 (SP2), and one **target** computer running Windows Vista™ or Windows 7
- Must log on as an Administrator

### Other PC Requirements

- At least 200MB of free hard disk space
- One standard USB 1.1 or USB 2.0 port on each PC

## Before Installation

Prior to connecting the USB2LINK to either computer, please ensure that both computers have the necessary USB 2.0 drivers installed. Typically, the necessary drivers are already installed, however if you discover the USB2LINK does not operate according to the below instructions, you may want to consult the documentation/drivers that accompanied the computer(s) at the time of purchase. Similarly, you may wish to consult the motherboard manufacturers' website(s) for any updates.

Ensure the Microsoft Windows® Easy Transfer software has been successfully been installed on both computers, prior to making a physical connection.

## Installing Microsoft Windows® Easy Transfer (WET)

Microsoft Windows® Easy Transfer (WET) is already built into Windows Vista™ and 7, so you will only need to install the program on a system running Windows XP™ Service Pack 2 (SP2).

1. Follow the instructions on the following website to download the Windows® Easy Transfer (WET) software (**XP to Vista transfers only**):

<http://www.microsoft.com/downloads/details.aspx?FamilyId=2B6F1631-973A-45C7-A4EC-4928FA173266&displaylang=en>

- NOTE:** For XP-to-7 or Vista-to-7 transfers, the WET software included with Windows 7 must be used. Run WET from Windows 7 first and follow the instructions.
2. Once the necessary file has been downloaded, double-click on the expandable file to launch the installation wizard and install the program. The same installation process will be required on the second computer.
  3. After the installation is complete on both computers, connect the USB2LINK to an available USB 2.0 port on each of the computers; an autorun window will appear. Click OK to launch the Windows Easy Transfer program

## **FCC Compliance Statement**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## **Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols**

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

## **Technical Support**

StarTech.com's lifetime technical support is an integral part of our commitment to provide industry-leading solutions. If you ever need help with your product, visit [www.startech.com/support](http://www.startech.com/support) and access our comprehensive selection of online tools, documentation, and downloads.

## **Warranty Information**

This product is backed by a one year warranty. In addition, StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

## **Limitation of Liability**

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.
