

USB to PS/2 Keyboard and Mouse Adapter Cable

StarTech ID: USB2PS2

This USB to PS/2 Keyboard/Mouse Adapter Cable lets you connect a standard PS/2 keyboard and mouse to a single USB port on your Windows, Mac or Sun computer.

The Adapter Cable has a keyboard emulation feature that lets you use key combinations on your PS/2 keyboard to mimic special Mac and Sun keyboard keys - such as volume control and CD eject - a truly convenient solution that eliminates the cost of having to upgrade a mouse/keyboard based on compatibility.

Applications and Solutions

- Connect a PS/2 keyboard and mouse to a notebook computer with USB ports
- Connect a PS/2 keyboard and mouse to a Windows, Mac or Sun computer with USB ports
- Connect Mac or Sun computers with USB ports to PS/2 KVM switches

Features

- No external power adapter required
- Works with Windows, Mac and Sun computers
- Emulates Mac volume control and CD eject keys through key combinations
- Emulates Sun volume control and sleep keys through key combinations
- Can be switched on-the-fly between English and French keyboard languages
