

## **5-in-1 Silver USB 2.0 Laptop Docking Station / Port Replicator**

*StarTech ID: USB5N1DOCK*

This 5-port USB docking station/port replicator delivers broad capability while saving space - allowing you to connect USB, PS/2, RS232 serial, parallel and RJ45 connected devices to a computer, using only 1 USB port.

The port replicator/USB docking station offers USB 2.0 data transfer speeds of up to 480Mbps, and backward compatibility with USB 1.1 devices, allowing you to take full advantage of USB peripherals new and old, for a more complete laptop experience. Plus, with the convenience of hot-pluggable connections, you can connect and disconnect peripherals without having to turn off the computer.

Designed for durability and dependable operation, the 5-port port replicator/docking station is backed by StarTech.com's 2-year warranty and free lifetime technical support.

### **Applications**

- Connect serial, parallel, USB, Ethernet and PS/2 devices to your system
- Has the ability to create a direct USB-to-USB data exchange channel between two computers

### **Features**

- LED indicators make it easy to monitor status/activity
- Maximum data transfer rates of up to 480 Mbps
- Backwards compatible with USB 1.1
