

1 ft Dock Connector to USB Cable for iPod and iPhone

StarTech ID: USBIPODMM1

The USBIPODMM1 1ft Dock Connector to USB cable for iPod/iPhone connects your iPhone or iPod to your computer through USB 2.0.

For convenient syncing and charging, the USB cable can be connected directly or through a dock to a computer USB port, or to the iPod USB power adapter for simple charging from an available (wall) power outlet.

Backed by Lifetime Warranty, the Dock Connector to USB cable is designed and constructed for maximum durability, making it a dependable replacement for damaged or misplaced sync cables.

Applications and Solutions

- Can be used with StarTech.com's USBFRETCAR to charge an iPod or iPhone in the car
- Charge an iPhone/iPod from a computer, USB wall charger, or vehicle USB charger
- Charge or sync an iPod or iPhone directly from a computer, or charge the iPod/iPhone through a dock
- Keep an extra USB cable on hand for iPod/iPhone syncing or charging
- Purchase an additional cable to charge your iPhone while you work
- Replace a damaged or misplaced iPod or iPhone sync and charging cable

Features

- Compatible with all existing Apple dock connector iPods and iPhones
- Durable iPod/iPhone connector
- High quality construction and design
- Portable 1ft design
