

1 ft Dock Connector to USB Cable for iPod and iPhone

StarTech ID: *USBIPODMM1*

The USBIPODMM1 1ft Dock Connector to USB cable for iPod/iPhone connects your iPhone or iPod to your computer through USB 2.0.

For convenient syncing and charging, the USB cable can be connected directly or through a dock to a computer USB port, or to the iPod USB power adapter for simple charging from an available (wall) power outlet.

Backed by Lifetime Warranty, the Dock Connector to USB cable is designed and constructed for maximum durability, making it a dependable replacement for damaged or misplaced sync cables.

Applications

- Replace a damaged or misplaced iPod or iPhone sync and charging cable
- Purchase an additional cable to charge your iPhone while you work
- Charge or sync an iPod or iPhone directly from a computer, or charge the iPod/iPhone through a dock
- Charge an iPhone/iPod from a computer, USB wall charger, or vehicle USB charger
- Keep an extra USB cable on hand for iPod/iPhone syncing or charging
- Can be used with StarTech.com's USBFRETCAR to charge an iPod or iPhone in the car

Features

- High quality construction and design
- Durable iPod/iPhone connector
- Compatible with all existing Apple dock connector iPods and iPhones
- Portable 1ft design
