

Extra Black Hard Drive Caddy for DRW150SATBK

Product ID: 150CADSBK

Specifically designed for use with StarTech.com's [Black Aluminum Serial ATA Drive Drawer](#) (DRW150SATBK), this extra Black Hard Drive Caddy features an easy to use handle release mechanism for quick removal and insertion of hard drives.

An extra hard drive caddy is the ideal solution for multiple mobile users of same system, high-speed backups of critical files, moving large files from one computer to another, and for running multiple operating systems on the same PC. With the durable aluminum design, it is an effective way for the heat to dissipate away from the hard drives to keep cool.

To maximize performance and utilize the full speed potential of your SATA III hard drives, this HDD Backplane supports SATA III for transfer speeds up to 6 Gbps when paired with compatible controller.

Certifications, Reports and Compatibility

Applications

- Use multiple hard drives with the same DRW150SATBK installation for different scenarios/configurations or rotating backup disks

Features

- Compatible with DRW150SATBK Mobile Rack/Drive Drawers
- 40mm ball bearing cooling fan
- Rubber shock absorbers
- Aluminum construction
