

3.5in Black Multi Port Panel for Front Drive Bay with HD Audio - eSATA / Firewire 400 / USB 2.0

Product ID: 35BAYPANELHD

The 35BAYPANELHD Multi-Port Front Drive Bay Panel lets you access USB, eSATA, FireWire and audio ports from the front of a PC computer case, from any available 3.5" front bay, by extending the existing internal motherboard connectors to the front of the case instead of the rear.

The panel can be installed into any 3.5in front drive bay, to provide 4 USB 2.0 ports, an IEEE1394a FireWire port, an external SATA (eSATA) port and speaker and MIC ports (HD Audio and AC'97 compatible).

The 35BAYPANELHD panel is backed by 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Connecting commonly used USB, eSATA, FireWire and audio peripherals (e.g. digital cameras or camcorders, or external hard drives) to the front panel of a PC

Features

- 3.5" front bay form factor (or 5.25" front bay with accessory: BRACKETFDBK)
