

DisplayPort to DVI Dual Link Active Converter - USB Powered

Product ID: DP2DVID

The DP2DVID DisplayPort to DVI-D Dual-Link adapter lets you connect your DisplayPort video source (PC, Notebook, Macbook etc.) to a DVI-D display including televisions and Apple Cinema Display HD, eliminating the expense of having to upgrade to a DisplayPort capable monitor.

The device offers an active conversion which is powered by a single USB port and is able to handle full Dual-Link resolutions up to 2560x1600. Use it to mirror your display to another monitor or extend your desktop to increase your workspace.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Looking for a single link DVI adapter? Our DP2DVI can support a maximum resolution of 1920x1200.

Certifications, Reports and Compatibility

Applications

- Ideal for digital entertainment centers, home offices, business conference rooms and trade show displays
- Perfect for larger format screens that use high DVI resolutions with Dual-Link connectivity
- Keep your existing DVI monitor to be used with your new DisplayPort device
- Ideal for using your DVI monitor as a secondary display

Features

- Supports resolutions up to 2560x1600 with DVI Dual Link Displays
- Supports 1920x1080 with Single-Link displays
- Powered by a single USB 2.0 port
- Latching DisplayPort connector connector ensures a solid connection
- Supported on any DVI-D display including televisions and Apple Cinema Display HD
