

## 12in Latching Round SATA to Right Angle SATA Serial ATA Cable

Product ID: LSATARND12R1

The LSATARND12R1 12-inch Round SATA cable is a high quality SATA 6Gbps cable that features a rounded design to help improve airflow inside a computer or server case by providing less resistance as air passes around the cable, in turn helping to ensure cooling for improved system performance.

The cable features one straight latching SATA connector, as well as a right-angled latching SATA connector that makes it easier to connect your SATA drive even if space near the drive is limited. The latching connectors also ensure secure connections to SATA hard drives and motherboards that support this feature.

Designed for optimum performance and reliability, this 12" SATA cable is backed by our lifetime warranty.

### Certifications, Reports and Compatibility

### Applications

- Installing Serial ATA hard drives, and DVD drives in Small Form Factor computer cases
- Server and storage subsystem applications
- Connections to SATA drive arrays
- High-end workstation drive installations

### Features

- 1x Latching SATA Connector
- 1x Latching Right Angle SATA connector
- Round SATA Cable
- Supports fast data transfer rates of up to 6 Gbps when used with SATA 3.0 compliant drives
