

## MacBook Pro VGA and Gigabit Ethernet Adapter Kit - MDP to VGA - USB 3.0 to GbE - White

Product ID: MACPRMDPUGBK

The MACPRMDPUGBK Accessory Kit for the MacBook Pro® with Retina® is an add-on accessory bundle containing two StarTech.com adapter products that let you extend the display and network capabilities of your port-limited MacBook®.

The kit contains a Mini DisplayPort to VGA Adapter, which lets you connect your MacBook Pro with Retina (or similarly configured MacBook / laptop) to an external VGA display or projector through Mini DisplayPort. Also included is a USB 3.0 to Gigabit Ethernet Adapter which adds wired network support, and offers the added benefit of an integrated USB pass-through port to keep your USB 3.0 port available for other peripherals.

Though extremely portable, ultra-thin laptops sometimes lack the necessary ports to connect to various desktop displays/projectors and wired networks when traveling between boardrooms, home / remote offices, trade-shows, hotels and conference centers. We designed this bundle of MacBook accessories to provide the missing connections most commonly desired among mobile users, to prepare you for almost anything.

**Package Contents:**

- White Mini DisplayPort to VGA Adapter (MDP2VGAW)
- White USB 3.0 to Gigabit Ethernet Network Adapter w/ USB Port (USB31000SPTW)

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

### Certifications, Reports and Compatibility

### Applications

- Add additional display connector support to your MacBook Pro® with Retina® or similar MacBook®
