

0.5m (20in) Short Right Angle Apple 30-pin Dock Connector to USB Cable for iPhone / iPod / iPad with Stepped Connector

Product ID: USB2ADC50CMR

The USB2ADC50CMR USB cable for iPhone®, iPod® and iPad® (0.5m) features a right-angled Apple® (30-pin) Dock Connector which positions the cable in such a way that it allows you to easily access your iOS-enabled mobile digital device in both portrait and landscape mode, even while charging.

Plus, the USB to iPhone cable features a uniquely constructed stepped Apple Dock Connector, designed by StarTech.com. Unlike a regular connector, the exclusive stepped connector plugs into your iPhone, iPod or iPad, even when inside a protective case, avoiding the inconvenience of having to constantly remove the cover for every charge/sync.

This durable cable is Apple MFi certified and backed by our lifetime warranty to ensure dependable performance.

As an alternative, StarTech.com also offers a [0.5m Left Angle Apple® 30-pin Dock Connector to USB Cable](#) (USB2ADC50CML), which provides the same convenience as this right-angled cable, but allows you to connect to your iPhone, iPod or iPad from the opposite direction.

Certifications, Reports and Compatibility

Applications

- Text, work, or game on your iPhone®, iPod®, or iPad®, even while charging, without the cable getting in the way
- Charge your Apple® devices from a computer, USB wall charger, or vehicle USB charger
