

1.8in ZIF LIF to Single Compact Flash SSD Adapter Card

Product ID: ZIF2CF

This Compact Flash (CF) to ZIF/LIF Adapter offers a simple, do-it-yourself solid state storage solution that can be used in place of small form factor 1.8in ZIF/LIF hard drives.

This innovative storage solution lets you enjoy of the benefits of solid state storage, using a standard Compact Flash card to replace a ZIF/LIF hard drive, including silent operation and little to no operating heat compared to conventional hard drives.

The adapter features a small form factor that allows you to take advantage of the installed flash card's compact design - saving space while providing a suitable replacement drive for many portable devices, including the Apple iPOD, and small notebooks using 1.8in hard drives.
